Iowa has 240 newspapers and is one of five states that has a newspaper in every county.

Every month 84% of Iowans read local print or digital newspapers.

In the last 18 months, 13 Iowa newspapers have moved from corporate to local ownership.

Iowa's newspaper industry directly generates \$9.7 million in state and local taxes.

Iowa's newspapers support and sustain over 4,000 jobs.

The Iowa Newspaper Association manages and maintains a searchable database of public notices at no additional charge to government or taxpayers at www.iowanotices.org.

Susan Patterson Plank | 515-422-9050 | spattersonplank@innews.com

UNGGOY BROADBAND High Speed Internet. Located at 800 N. Main St., Charles City, IA. Call 1-800-850-7481.

RIES CONSTRUCTION Local Dealer for vinyl windows and patio doors and all your construction needs. Lyle Ries, Alta Vista, 641-364-5201.

PUBLIC NOTICE ACCESS IS IMPORTANT

A THIRD-PARTY FORUM INDEPENDENT OF GOVERNMENT: Newspapers publishing public notices are a trusted, neutral third-party providing transparency and public oversight. Putting government in control of overseeing its own public notices, as proposed, enables it to hide information they may prefer the public not see.

VERIFIABLE AND TRUSTWORTHY: A public notice printed in a newspaper creates tangible proof of prior notice and unalterable evidence of publication and, as important, of the precise words used.

EASY, SECURE AND LONG-TERM ACCESS: The public notices newspapers publish are archived and always accessible. The Senate bill would require public notices be posted only for a limited time on an online portal established and maintained by the secretary of state's office. Public notices would no longer be required for publication in newspapers.

Protecting your sexual health is as easy as:

TALK • TEST • TREAT

Talk with your partner **before** having sex.

Talk about **when** you were last tested and suggest getting tested together.

Talk to your healthcare provider about your sex life and ask **what STI tests** you should be getting and **how often**.

Get tested! It's the only way to **know for sure** if you have an STI.

Many STIs **don't cause any symptoms**, so you could have one and **not know**.

If you're not comfortable talking to your regular provider about STIs, find a clinic that provides confidential testing that is free or low cost.

All STIs are **treatable**. If you test positive for an STI, work with your healthcare provider to get the correct treatment.

Ask about **partner services** to get your partner tested and treated.

Avoid having sex until you and your sex partner both **complete treatment**.
