Financial Tips for Widows and Widowers

Losing a spouse is one of the
most painful experiences anyone
can have. Unfortunately, widows
and widowers have to deal with
more than just the emotional
trauma — they also must consider
a range of financial issues. If
you've recently been widowed,
what financial moves should you
consider?

For starters, don't rush into
any major decisions. If you're
still in the grieving process, you
are unlikely to be in the best
shape to make significant choices
affecting your finances and your
life.

But once you feel ready to
look at your situation objectively
and make appropriate choices,
consider the following steps:

• **Review your finances.** Look
at your entire financial picture —
your assets, investments, debts
and income. If you and your
spouse had communicated well
about your finances, and you
shared decisions, you hopefully
won't encounter any big sur-
prises. But if your spouse was
the partner who mostly handled
financial matters, you may need
to get up to speed quickly on
what you have and what you
owe. And if your spouse had
provided a large amount of your
household income, you will also
need to determine what changes
you may need to make to your
lifestyle.

• **Address insurance issues.**
If you will receive a death benefit
from your spouse's insurance
policy, what will you do with
the money? It may prove helpful
in funding your own retirement
or meeting other financial goals.
But you'll also want to be clear
about what other beneficiaries,
such as your children, might
receive. And while you're look-
ing at insurance, you also might
want to look at your own poli-
cies — do you need to change
beneficiaries?

• **Review your Social Security
options.** If you are at least 60 and
you were married at least nine
months, you may be entitled to
Social Security survivor bene-
fits. (If you remarry before age
60, you typically cannot receive
survivor benefits, but you can

reinstated them if this subsequent
marriage ends.) The amount of
your survivor's benefits depends
on your age and the age of your
deceased spouse. You can't
claim your deceased spouse's
benefits along with your own
retirement benefits, so if you
qualify for survivor and retire-
ment benefits, you'll receive
the larger amount. Depending
on your situation, you might
come out ahead by delaying
your retirement benefits, giving
them the chance to grow, while
you accept survivor benefits. For
more details on receiving Social
Security benefits, visit the Social
Security Administration's web-
site at www.ssa.gov.

• **Review your estate plans.**
The death of a spouse can cer-
tainly affect your family's estate
plans. So, it's a good idea to
review these plans to see what
changes, if any, need to be made.
When conducting this review,
you'll benefit from working with
an estate-planning professional.
Finally, keep in mind that
you don't have to go it alone
during this difficult time. If
you're already working with a
financial professional, they can
help. If you aren't currently
working with one, now might
be the time to start. By looking
at your finances and your family
situation holistically, a financial
professional can provide guid-
ance that can help ease the stress
you are naturally feeling.

Few events are as sad as
losing a spouse. But when you
feel ready, start taking the steps
necessary to continue forward on
your life's journey.
