MULTI-CULTURAL GENDER FAIR (MC/GF) GRIEVANCE PROCEDURE

Students, parents of students, or employees of the New Hampton Community Schools have the right to file a formal complaint alleging non-compliance with the regulations out-lined in Title VI of the 1964 Civil Rights Act, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, or Section 12.(8) of the Iowa State Education Standards.

Level I (Informal and Optional) - Employees with a grievance of discrimination on the basis of gender, sexual orientation, race, national origin or disability may first discuss it with their principal or immediate supervisor, with the objective of resolving the matter informally. A student or parent with a complaint of discrimination on the basis of gender, sexual orientation, race, national origin or disability should immediately discuss it with the teacher, counselor or building administrator involved.

Level II (Informal and Optional) - If the concern remains unresolved, the grievant is encouraged to approach the MC/GF Compliance Committee for the purpose of resolving the concern through fact gathering and discussion. The role of this group is to reconcile, if possible, the concern of the grievant using an informal procedure. The group will consist of the grievant, the person against whom the grievance has been filed, the principal or designee, a minimum of two MC/GF Advisory Committee members, and the MC/GF Facilitator.

Level III (Formal) - If the grievance is not resolved at level one or level two and the grievants wish to pursue the grievance, they may formalize it by filing a complaint in writing on the Compliance Violation Form, which may be obtained from the Compliance Officer.

The remaining steps in the grievance process will be reviewed with the grievant. The entire grievance procedure is available for inspection in the Compliance Officer's Office along with other information relating to these topics. Please contact Brad Schmitt, Middle School Principal, 710 W. Main, New Hampton, IA 50659, (641) 394-2134 ext. 2 b_schmitt@new-hampton.k12.ia.us if you have any questions, concerns, or complaints. Mr. Schmitt is the Title VI and Title IX Officer for the New Hampton Community School District.

PARENTAL NOTICE GENERAL EDUCATION INTERVENTIONS

The New Hampton Community School District uses a problem solving model to address student concerns through general education interventions. Problem solving activities are part of the school's general program and may occur at any time throughout the school year. The problem solving process is a systematic set of procedures designed to look at different factors that might be affecting student success, such as what is taught, how it is taught, and how the student responds to these processes. During the problem solving process, school personnel (including special education staff and Keystone special education personnel) may be involved in gathering information that will be used to develop effective interventions.

As parents, you are key participants during all facets of problem solving. If a child is recommended for special education services, parents must give written consent. Parents may also request that their child be considered for special education services at any time by contacting the child's principal.

SECTION 504 OF THE REHABILITATION ACT OF 1973

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination against persons with a disability in any program receiving federal financial assistance. In order to fulfill obligations under Section 504, the New Hampton Community School District has the responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability should knowingly be permitted in any program and practices of the school system.

The New Hampton Community School District has the responsibilities under Section 504, which include the obligations to identify, evaluate, and if the student is determined to be eligible under Section 504, to afford access to appropriate educational services. If the parents or guardians disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.

If there are any questions, please feel free to contact Jessica Nelson, Section 504 Coordinator for the New Hampton Community School District, at (641) 394-2134 ext. 1.

FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT NOTIFICATION OF RIGHTS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days after the day the School receives a request for access.

Parents or eligible students who wish to inspect their child's or their education records should submit to the school principal (or appropriate school official) a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend their child's or their education record should write the school principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest must be set forth in the school's or school district's annual notification for FERPA rights. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are: Student Privacy Policy Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202

You Have an Estate Plan — Whether You Know It or Not

Think estate planning is only for the wealthy or elderly? Think again. If you own anything — a home, a car, a savings account, even a pet — you already have an estate plan. The only question is: Did you create it, or will your state do it for you?

When someone passes away without an estate plan, state laws take over, deciding who gets what and when. This legal process may not reflect your wishes. That's why taking control of your assets through a personal estate plan should be a top priority.

At its core, estate planning is about clarifying your wishes and making things easier for your heirs. It ensures your assets are distributed according to your preferences, designates who will make decisions on your behalf if you can't, and provides guidance for your care in a medical crisis. Most plans include four key components:

- 1. A Will** – This document outlines how your assets should be distributed after your death and names an executor to oversee the process in probate court. It can also designate guardians for minor children. Keep in mind that a will doesn't cover everything — certain transfer on death (TOD) accounts and jointly held property may bypass your will entirely.
- 2. Power of Attorney** – If you become incapacitated, you'll want someone you trust to be able to make decisions on your behalf. A durable power of attorney designates such a person, helping to ensure your bills are paid, your business continues (if you have one), and your wishes are honored.
- 3. Health Care Directive** – Sometimes called a living will, this document spells out your preferences for medical treatment if you're unable to speak for yourself. It can also designate someone to make health care decisions for you.
- 4. Beneficiary Designations** – Accounts like 401(k)s, IRAs, and life insurance policies transfer directly to the people you name, regardless of what your

MAKING SENSE OF INVESTING

will says. It's essential to review these beneficiary designations regularly, especially after significant life events such as marriage, divorce, death of a spouse or the birth of a child.

One common myth is that a will is all you need. But wills only take effect after death; they don't help if you're alive but unable to make decisions. Another misconception is that estate planning is only for the wealthy. In truth, planning is about more than money — it's about making things easier for the people you love during difficult times.

An effective estate plan can prevent costly legal battles, reduce confusion and give your loved ones a clear roadmap to follow. It also allows you to leave a legacy that reflects your values and priorities.

As your life changes, your estate plan should change along with it. Review your documents every few years or after major life events. It's often a good idea to seek help with such reviews. Your financial advisor or attorney can guide you through the process, ensuring your plan fits your unique circumstances.

In the end, estate planning isn't just about planning for what happens when you are gone. It's about feeling confident, knowing that what matters most — your family, your purpose, your legacy — is protected.
