MULTI-CULTURAL GENDER FAIR (MC/GF) GRIEVANCE PROCEDURE

Students, parents of students, or employees of the New Hampton Community Schools have the right to file a formal complaint alleging non-compliance with the regulations out-lined in Title VI of the 1964 Civil Rights Act, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, or Section 12.(8) of the Iowa State Education Standards.

Level I (Informal and Optional) - Employees with a grievance of discrimination on the basis of gender, sexual orientation, race, national origin or disability may first discuss it with their principal or immediate supervisor, with the objective of resolving the matter informally. A student or parent with a complaint of discrimination on the basis of gender, sexual orientation, race, national origin or disability should immediately discuss it with the teacher, counselor or building administrator involved.

Level II (Informal and Optional) - If the concern remains unresolved, the grievant is encouraged to approach the MC/GF Compliance Committee for the purpose of resolving the concern through fact gathering and discussion. The role of this group is to reconcile, if possible, the concern of the grievant using an informal procedure. The group will consist of the grievant, the person against whom the grievance has been filed, the principal or designee, a minimum of two MC/GF Advisory Committee members, and the MC/GF Facilitator.

Level III (Formal) - If the grievance is not resolved at level one or level two and the grievants wish to pursue the grievance, they may formalize it by filing a complaint in writing on the Compliance Violation Form, which may be obtained from the Compliance Officer.

The remaining steps in the grievance process will be reviewed with the grievant. The entire grievance procedure is available for inspection in the Compliance Officer's Office along with other information relating to these topics. Please contact Brad Schmitt, Middle School Principal, 710 W. Main, New Hampton, IA 50659, (641) 394-2134 ext. 2 b_schmitt@new-hampton.k12.ia.us if you have any questions, concerns, or complaints. Mr. Schmitt is the Title VI and Title IX Officer for the New Hampton Community School District.

PARENTAL NOTICE GENERAL EDUCATION INTERVENTIONS

The New Hampton Community School District uses a problem solving model to address student concerns through general education interventions. Problem solving activities are part of the school's general program and may occur at any time throughout the school year. The problem solving process is a systematic set of procedures designed to look at different factors that might be affecting student success, such as what is taught, how it is taught, and how the student responds to these processes. During the problem solving process, school personnel (including special education staff and Keystone special education personnel) may be involved in gathering information that will be used to develop effective interventions.

As parents, you are key participants during all facets of problem solving. If a child is recommended for special education services, parents must give written consent. Parents may also request that their child be considered for special education services at any time by contacting the child's principal.

SECTION 504 OF THE REHABILITATION ACT OF 1973

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination against persons with a disability in any program receiving federal financial assistance. In order to fulfill obligations under Section 504, the New Hampton Community School District has the responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability should knowingly be permitted in any program and practices of the school system.

The New Hampton Community School District has the responsibilities under Section 504, which include the obligations to identify, evaluate, and if the student is determined to be eligible under Section 504, to afford access to appropriate educational services.

If the parents or guardians disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.

If there are any questions, please feel free to contact Matt Manson, Section 504 Coordinator for the New Hampton Community School District, at phone #(641) 394-2134 ext. 3.

FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT NOTIFICATION OF RIGHTS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the School principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance commit- tee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the School discloses education records without consent of officials of another school district in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C.. 20202-4605

Is Roth IRA Better for Young Workers?

If you're in the early stages of your career, you're probably not thinking much about retirement. Nonetheless, it's never too soon to start preparing for it, as time may be your most valuable asset. So, you may want to consider retirement savings vehicles, one of which is an IRA. Depending on your income, you might have the choice between a traditional IRA and a Roth IRA. Which is better for you?

There's no one correct answer for everyone. But the more you know about the two IRAs, the more confident you'll be when choosing one.

First of all, the IRAs share some similarities. You can fund either one with many types of investments – stocks, bonds, mutual funds and so on. And the contribution limit is also the same – you can put in up to \$6,000 a year. (Those older than 50 can put in an additional \$1,000.) If you earn over a certain amount, though, your ability to contribute to a Roth IRA is reduced. In 2021, you can put in the full \$6,000 if your modified adjusted gross income (MAGI) is less than \$125,000 and you're single, or \$198,000 if you're married and file jointly. The amount you can contribute gradually declines, and is eventually limited, at higher income levels. But the two IRAs differ greatly in how they are taxed. Traditional IRA contributions are typically tax-deductible (subject to income limitations), and any earnings are tax-deferred, with taxes due when you take withdrawals. With a Roth IRA, though, your contributions are never tax-deductible – instead, you contribute after-tax dollars. Earnings are tax-free when withdrawn, provided you've had your account at least five years and you don't take withdrawals until you're at least 59½.

So, which IRA should you choose? You'll have to weigh the respective benefits of both types. But when you're young, you may have particularly compelling reasons to choose a Roth IRA. Given that you're at an early point in your career, you may be in a lower tax bracket now than you will be during retirement, making the tax-deduction

MAKING SENSE OF INVESTING

of traditional IRA contributions less beneficial. So, it may make sense to contribute to a Roth IRA now and take tax-free withdrawals when you're retired.

Also, a Roth IRA offers more flexibility. With a traditional IRA, you could face an early withdrawal penalty, in addition to taxes, if you take money out before you're 59½. But with a Roth, you'll face no penalty on withdrawals from the money you contributed (not your earnings), and you've already paid the taxes, so you could use the money for any purpose, such as making a down payment on a home. Nonetheless, you may still want to be cautious about tapping into your IRA for your spending needs before you retire, since IRAs are designed to provide retirement income.

If your income level permits you to select a Roth or traditional IRA, you may want to consult with your tax advisor for help in making your choice. But in any case, try to max out on your IRA contributions each year. You could spend two or three decades in retirement – and your IRA can be a valuable resource to help you enjoy those years.
